About Us

Communities thrive when nonprofits succeed.

For more than 30 years, the National Council of Nonprofits has mobilized the nation's largest sector-wide network of nonprofits to achieve transformative results.

We provide nonprofits with the **tools, research, and resources** needed to operate more effectively, efficiently, and ethically.

In pursuit of a more civil and just society, **we embed diversity, equity, and inclusion throughout our organization** and the ways we carry out our mission, purposefully and tangibly applying these principles in our internal operations, programs, policies, and leadership.

NCN is committed to fostering a diverse and inclusive workplace. In our efforts to help nonprofits increase diverse representation in their organizations, we adhere to all applicable laws. Our programs are designed to expand outreach, enhance access to opportunities, and cultivate an inclusive environment where all individuals can thrive. We do not engage in discrimination of any kind, and our diversity efforts do not impose quotas or grant preferential treatment based on protected characteristics.

Our collective efforts ensure a connected and powerful nonprofit community equipped to champion the public good.
