Nonprofit Impact in Communities

Charitable nonprofits embody the best of America. They provide a way for people to work together for the common good, transforming shared beliefs and hopes into action. They give shape to our boldest dreams, highest ideals, and noblest causes.

America’s 1.3 million charitable nonprofits feed, heal, shelter, educate, inspire, enlighten, and nurture people of every age, gender, race, and socioeconomic status, from coast to coast, border to border, and beyond. They foster civic engagement and leadership, drive economic growth, and strengthen the fabric of our communities. Every single day.

Every person in the United States benefits from the work of nonprofits in one way or another, whether they realize it or not.

It’s easy to see a nonprofit’s mission in action when our families or neighbors are direct beneficiaries—such as when nonprofits provide food for the hungry, life-saving trauma care to someone in a car wreck, or rescue relief to hurricane survivors.

It’s harder to recognize the full impact of the indirect benefits nonprofits provide us. For example, the mission of the “friends of the local public library” might be to promote reading, but taxpayers also benefit when the nonprofit raises funds to buy books and equipment.
Nonprofits play a fundamental role in creating more equitable and thriving communities. And nonprofits can do even more by coming together to protect both their legacy and their indispensable role in America’s future.

- Attended services at a house of worship maintained by one of the nearly 800,000 nonprofit religious congregations.
- Learned to swim through lessons at the local JCC, YMCA, or scout camp.
- Developed life skills like conflict resolution and teamwork through organizations like the Little League, 4-H, or other youth development organizations.
- Helped family members at nonprofits such as the San Diego Zoo, the Museum of Science and Industry in Chicago, or the Metropolitan Museum of Art in New York City.
- Enjoyed the culture, theater, and splendor of America’s rivers, forests, and open spaces due to the work of nonprofits committed to conservation and our environment.

"Of course, that's still just a short list of the many ways that nonprofits improve lives..."
