* Data reported are based on a national survey of 501(c)(3) public charities with expenses of $100,000 or more. Hospitals and higher education as well as nonprofits not likely to have government contracts and grants were excluded from the sample. Analysis is limited to nonprofits reporting government contracts or grants. See Methodology section for more details on response rate and data weights.

**State rankings: 1=highest percentage of nonprofits reporting problem; 51=lowest percentage of nonprofits reporting problem. See appendix for more details.

***Organizational overhead or administrative expenses include costs associated with the organization as a whole that cannot be attributed to a program (such as utilities, accounting staff, or a receptionist). Program overhead or administrative expenses refer to administrative expenses directly related to programs and services (that is, program administration, such as computer use, copying, rent, and telephone use).

n/r= Data not reported or too few respondents answered the question.

Note: Percentages may not sum to 100 because of rounding. The full report on the national survey is available at www.urban.org/publications/412962.html.
